ISSUED WEEKLY.

R. C. WALKER, Publisher.

Paducah Democrats ratify tonight.

The legislature reassembled yesterday at noon.

Kentucky's majority when last heard from was hovering around 40,000.

Grover's majority of the popular vote is some where in the hundred thousand.

Over seven million dollars have been paid out so far for this month to pensioners.

Even Pennsylvania gave Harrison twenty thousand less majority than it gave him in 1888.

There is to be a hanging in Louisville next week. It is not a solo affair either, but a regular quartette.

And now they say it was the office holders that did it. This is a mistake it was the office seekers, who help do it.

The majority of Cleveland over Harrison in Illinois is 27,067. Kentucky Democrats had better look to their laurels.

The tariff should be taken off of grindstones among the first things done. The tax that Adlai used must need be kept sharp.

If the legislature Gov Brown and the Auditor can settle their little matters as effectively as the people completed the job on the 5th, we will all take a rest.

The General Associations of Kentucky Baptists is in session at Covington. According to statistics read there are now 3,269,806 Baptists in this country.

Carlisle and Breckenridge.

Ohio fluttered in our grasp for a while but the buckeye State has now about fluttered back to the bosom of McKinley, but she is not loaded with a majority that weighs Mc-

ter-blood Indian. Sockless Jerry, an Indian and a majority for Weaver should certainly bring Kansas to the front.

When the democrats went out of power four years ago there was a surplus of \$50,000,000 in the Treasury, when they go in next March, they will find a big hole where they left the money.

A census bulletin just published places Kentucky's population at 1,458,635; of these 1,590,492 are whites; 268,173 colored. 942,758 are males and 918,877 females. 59,356 are foreign born.

The tax collector of Carter county undertook to sell some land for unpaid railroad tax, but when about five hundred citizens invited him to desist he desisted and stood not upon the order of desisting.

The strongest Third party Congressional district in Arkansas gave a majority of 4000. This year when the Democrats, or see what they want, have it, and have been promptly

times the news that Senator Hill is soon to wed a beautiful Southern widow. If this be true, the time will be here some of these days, and a beautiful Southern woman will reside in the White house.

Already you hear some talk of any extra session of Congress next Spring. There will be none, for Grover and Adlai will be entirely too busy chopping of heads, i. e. turning the rascals out, to look after congress before the regular term.

Among the very best of good thing, that occurred in Kentucky last week, was the defeat of Tom Pettit in the Second District. Ellis beat the deserter about 8,000. Pettit thought he was running for Congress, but he was evidently mistaken.

The National Convention of the Farmer's Alliance is in session at Memphis. There are two prominent factions in the convention, one is endeavoring to make a political machine of the organization and the other combats the mixing of politics with the order.

The First District.

According to the official returns from some of the counties and unofficial reports from others the vote of the First Congressional District is as follows:

	Stone	Debo	Keys
Ballard	808	160	270
Caldwell	942	1105	316
Calloway	1475	267	581
Carlisle	774	49	363
Crittenden	1100	1301	165
Fulton	1158	395	99
Graves	2405	916	989
Hickman	1071	430	251
Livingston	907	528	213
Lyon	729	239	140
Marshall	1019	326	584
McCracken	1779	1229	455
Trigg	1033	730	430

Totals. 15,293 7,655 4,847

Stone's majority over Debo is 6,638; over Keys 10,446; and over Keys and Debo together 2,811. Smith seems to have been lost sight of, his name is not mentioned in the published reports from some counties he received probably about 300 votes in the district.

Full returns from all the counties will make some changes in the above table, but the changes will be inconsiderate, possibly increasing Stone's majority a few votes.

The reader, after glancing over the returns, will hardly come to the conclusion that the Democracy of the old Gibraltar is deserted. She is doing the usual amount of business at the old stand, notwithstanding the effort of a few small concerns to draw trade from her territory.

The Judicial District Vote.

The result of the official vote in the judicial district is not yet obtainable. The majority of the majorities of the candidates for Circuit Judge are reported as follows, and the official figures are not likely to vary much from these.

PRATT'S MAJORTIES.	
Hopkins	61
Caldwell	255
Livingston county	363
This leaves Pratt a majority of 117 in the district.	
Grayott carried Livingston by 371; Hopkins 200; Moore carried Caldwell by 162 and Crittenden by 252. This gives Grayott a majority of 105 in the district.	

The State of Kansas appears to have practically abolished prohibition. The new Third party governor elect announces that the enforcement of the prohibition law will be left with local officers. If a locality wants prohibition, its officers must enforce the law, and not depend on the State to do so. This it is said, has given an impetus to the liquor trade and already open saloons are springing up, where blind-tigers and dives have heretofore existed.

A large amount of fun is being popped at Henry Watterson since the election, because he predicted the defeat of Cleveland, in the event of the latter's nomination. Watterson breathed the breath of life into the platform at Chicago and that platform was the spirit of the trinity which won the battle. Henry Watterson is, as he should be, as proud as any other Democratic chicken that infests the Democratic newspaper offices from Maine to California.

According to the latest returns the Democrats will have about 100 majority in the Lower House of Congress; in the Senate there will be forty-four Democrats, forty Republicans and four Populists. On matters of reform it is thought that the Populists will vote with the Democrats. If however, they should vote with the Republicans, the Vice-President will cast the deciding vote, and the way lying man, though a fool, knows how Adlai will vote.

A Road Department.

Albert A. Pope, of Boston, is making effort to induce Congress to establish a road department, and with this end in view he has sent out petitions to be signed by citizens and forwarded to him and then Congress. The PRERE is in receipt of a letter and petition from Mr. Pope, and as this country is directly interested in the road problem, we publish the prayer as Mr. Pope desires to offer it to Congress:

To the Honorable Senate and House of Representatives in Congress assembled: We, the undersigned, citizens of the United States, hereby most respectfully petition that there be founded in the city of Washington, in the District of Columbia, a Road Department, similar to the Agricultural Department, for the purpose

of promoting knowledge in the art of constructing and maintaining roads; and we ask that in such department provision be made for teaching students so that they may become skilled road engineers.

In connection with this Road Department we request that there be established a permanent Exhibit in which shall be shown sections of roads illustrating various methods of construction and also the best road materials.

We further petition that Congress appropriate funds sufficient to erect a building at the World's Columbian Exposition for the purpose of comprehensive road exhibit.

Salem.

Election day passed off very quietly. No whisky, no fusses or fights. The Democrats carried the precinct by more than three to one over the Republicans, and the Third Party was not in it.

We have asked a good many about the "Ben Keys cyclone" that was to sweep the Congressional District on the 5th. We find the whole thing exploded and went up in thin air, it could not have gone anywhere else. The whole party was a little thin. But we feel kindly towards our misguided friends and stand with outstretched arms ready to take those that have been duped back into the "Democratic Church," but the ring leaders must confess their sins and be re-baptized; to say the Democrats here are happy does not express it—they are overjoyed; having only one loss to mar their happiness, that of Tom Nunn. It is with exceeding great sorrow that we have to give him up. Tom, come to Salem, your best friends are here.

Wednesday night after the election while everybody was rejoicing over the result, one of our townsmen Tom Mitchell was very badly hurt. They were using an old low casting for a cannon and it burst. The operation was performed by Dr. Clark of Marion, assisted by Drs. Hayden, Threlkeld and Grassham. Tom is a very poor man, and with his misfortune while helping to ratify the grandest victory for the people ever known to this generation, and I hope every good democrat in the land will give him some pecuniary aid.

Mr. Eorton, we would like to tell you something about what we did here Columbus day in our next it you will give us the space.

Corn gathering is the order of the day with the farmers. The merchants are all having a good trade, and are happy. Lookout for a wedding soon—that young man is getting tired of paying rent on a house and no one to keep it for him.

Robt Boyd is agent for the sale of three fine farms in this county, two in the Salem valley, and one near Hampton. Home seekers are cordially invited to call on him at this place, for prices and terms.

No Sunday school last Sunday.

The people here should pay their sexton for last year, and hire another.

Rev Sam Mitchell of the Upton Circuit is visiting his parents, and wounded brother at this place.

The Democratic Clubs of the county are invited to meet at Smithland next Saturday and engage in a grand rally. The Salem club expects to turn out in mass and we hope to see all the clubs of the county well represented.

Sam Slack.

LOLA.

The election is over and Grover will go to the White House, seemingly with the good will of the people at large. Personally Cleveland is a popular man and another thing in his favor he will not be pulled and hauled just any, and every way by his party.

John Foley has been on the sick list for two weeks past but is better at present writing.

Wright and Wizzell received a nice lot of hogs at this place last Thursday.

Uriah Trimble is having a nice bill of lumber sawed for a house he intends to build.

W L Kennedy is selling his goods at cost to close out his stock he will go to Florida.

Mr D Clemens of Carversville, was in our town Sunday.

Jud Bradshaw has moved his family to the city for the winter. Jud we extend you the right hand of good fellowship.

Mr and Mrs W T Flanary visited their daughter Mrs W F Paris, Jr., last Saturday and Sunday.

Dr Kennedy talks like he will attend the lectures at Cincinnati this winter; the doctor has numerous friends that wish him success.

IRON HILL.

EDITOR PRESS:—Since our great victory, I feel like writing a few lines to the Press.

The "boys had a rattling jollification at Iron Hill: anvils were fired and music by the Dean boys, and everybody sober and happy, the best behaved crowd that ever met to celebrate a National victory. Saturday night will be remembered a long time by the people. Murray Travis burnt his hat for Illinois, Dick Lemon burnt his for New York and Clem Dean burnt his for everything and everybody.

There is a new bridge across the slough between the iron bridge and Fish Trap.

Piney precinct can boast of a new voting house.

Dick Gilbert and J M Dean went to Marion Sunday.

Lit Hodge wants to sell out, he says the country is ruined, when Cleveland takes his seat.

There is a great deal of sickness in our neighborhood, but it is hard to cure, being among the Republican party, and is very contagious, but a Democrat can't take it.

E. L. Horning got up at the dead hour of midnight, and fired his old musket, until the barrel got so hot he could not hold it.

Curg Hughes and family and Mrs Lucas visited E R Hill family last week.

Jack Lemon and Tom Stenbridge came home to help old Grover.

Geo. Roberts little banty rooster crowed himself to death last Tuesday night.

The Republican roosters around here have not the sense "to kill" and the United States.

Miss Ada Dollar is very sick. The meeting at Bethlehem closed last Saturday night.

Rev B A Brandon preached at the S P Church last Sunday and Sunday night.

There is a protracted meeting in progress at Good Springs four miles from town, being conducted by Rev. K. Woodruff.

Mrs O'Hara from the Southeast portion of the county is visiting Prof Nall's family.

The creamery cannot half supply the demand for butter and cheese.

The corn crop is fine in this part of the county.

B A Jacobs expects to move into his new store by the 10th of December.

W J Rice will have his dwelling covered with steel roofing the cheap and best roofing to be had for proof.

J C Walters has bought Newton Dollars interest in the water mill near town.

Collin Foster and wife of Carversville were visiting relatives in this and Crittenden county a few days since.

T M Butler is furnishing more milk for the creamery than any one else.

Drummers were very numerous in town Monday.

Rueben Rushing thinks the election of Cleveland brought the big snow last week, but we would gladly have another snow, rather than have Harrison President again. Stone got there all the same as well as Cleveland.

Observer.

FRANCIS.

Mrs Margot Oliver is quite ill. A protracted meeting is in progress at Caldwell Springs under the auspices of brother Oliver and Gibbs several conversions reported already.

Jemings and Shinnall are sawing a nice lot of lumber near here.

As we write the Cleveland guns boom in every point of the compass. J H Moore of Lyon county is visiting here.

P G Mills has bought land on Clay Lick and moved to it.

The Harrison and Reid clubs will meet but once more—to sing the funeral dirges of the departed heroes.

some lady. Who wants it? Come
town on or before Dec 10 and see
you can get it.

We sell all kinds of sewing ma-
chine repairs—oil, needles, bobbins,
buttons, etc.

Capt. Stone's Reception.
An evidence of the love his
home people bear to Capt. Stone, a
pleasant incident is related. The
captain came down to Paducah to
hear the election news, and returned
home the following day. When he
reached the depot at Kuttawa a hun-
dred stalwart democrats were on
hand with a big arm chair rigged up
with poles. Our gallant congress-
man was lifted bodily into the chair
and borne on the shoulders of loyal
friends through the streets to the
hotel, where he was called on for a
speech. He was so overcome by
this evidence of friendship that it
was several minutes before he could
gain control of his feelings sufficiently
to utter a word.—Paducah Stand-
ard.

Judge Nunn Goes to Madisonville.
Judge T. J. Nunn, late candidate
for Circuit Court Judge, will in a
few weeks move his family to Mad-
isonville, and enter upon the prac-
tice of his profession at that place.
He has formed a co partnership with
Mr. Wadde, who has been as-
sociated with Hon. Clifton Pratt in
the practice of law. There is not a
better citizen in Crittenden county
than Judge Nunn, and his removal
will be regretted by not only his
political friends, but by hundreds
who voted against him in the recent
election. He is a citizen of the
genuine substantial cast. Every
enterprise that had in view the bet-
tering of his county found a warm
friend in Tom Nunn; no charity
every knoeked at his door and found
it closed. Good society has no better
friend, and the removal of himself
and estimable family will be a loss
to Marion and the county. His
fellow lawyers respect as a learned
member of the profession and an
able practitioner. He has been
honored by the people among whom
he was raised and always proved
worthy.

Last week the Press received the
following:

Garnett, Tex., Nov. 9.
R. C. Walker,

Goodford and Miss Mattie Threlkeld.

of all that goes to make pure woman-
hood.

The groom, attired in the conven-
tional black, was self-possessed and
handsome.

After the ceremony a handsome
collation was served. M. B. C.

The Board of Town Trustees met
last night to consider, among other
things, the saloon license question.
Some three or four persons are
wanting licenses, and while they
have made no formal application,
they were anxious to know what the
board would do. The board was
not long in coming to the conclusion
that it had no power to grant a
license, consequently there will be
no saloons in Marion this year.

In Memoriam.
Mrs. Kate Gilbert was born the
4th of July 1852, she was a daughter
of Benjamin Roach. She professed
religion under the preaching of Rev
Bennett Barnes in 1871 and joined
the church at Crooked Creek the
same year where she lived a consis-
tent christian until death. She
was married to R. M. Gilbert on
the 30th of July 1873. Sister Gil-
bert was a good neighbor, a kind
mother and wife. On the 26th of
October 1892, the summons came for
her to come up higher; on the morn-
ing before she died she called her
friends around her and bid them a
last farewell, telling her children to
prepare to meet her in heaven,
where parting will be no more. She
told her step mother-in-law that she
had a precious home in heaven so
bright, oh so bright. She told her
husband and friends not to weep for
her, for she did not feel like weep-
ing; the writer and family with a
host of friends are in deep sympathy
with the bereaved family.

What They Say About It.
W. J. Deboe—The Populists in
the West, and the whiskey in the
East, is what did it.
Geo. M. Crider—G e e e.
J A Moore—Crittenden is all
right.
Albert Wilborn—Harrison should
have sent us word that he was not
a candidate.
M. E. Fols—Wait until I get a
letter from home.
H. A. Haynes—Want you fellows
to have an extra session of Congress
and give us your way.
E. B. Blackburn—Harrison
will come to Crittenden he will stand
some show of getting an office.
Postmaster C. Field.—
A. J. Pickens—Dog-gone!
W. B. Yandall—Lem me sell you
an overcoat.
Tom Yandall—It's bad enough
without mentioning it in a paper.
A. M. Henry—Any man is a fool
to bet his moustache on an election.
I might have survived a defeat, but
this bare lip is killing me.
E. T. Franks—My time expires
July 1. (He expired Nov. 9.)
S. W. Adams—I have just read
in some newspaper that "politics is
hell," and my experience verifies
the expression.
Andy Woodall—You are too fresh
young man. I am not talking pol-
itics today, I am singing, and I am
always sad when I sing.
J A Davidson—Boys, let's go
home.
Milt Babb—Golly, how surprised
I was.
Look at This.
O. M. James—It was a ground
swell, a cyclone, a hurricane such as
my heart yearned for. Step aside a
minute while I yell. Hurrah for
C—d.
A. L. Cruce—I haven't got time
to talk to you; I must collect my
taxes. Jeff. Frank, get a move on
you.
Dr. J. R. Clark—I did think
Key's would carry his own county;
I am afraid Deboe will beat him.
Clem Dean—We've got the earth
and Piney too.
P. S. Maxwell—All the world is
a stage, and the principal actors
appear to be Democrats.
E. C. Flannery—I'll swear I didn't
expect it.
Mr. A. C. Moore has opened a law
office in the second story of the bank
building, over the barber shop. He
is a rising young lawyer, and his
recent canvass for Commonwealth's
Attorney has extended his acquaint-
ance among the people which is
advantageous to him.
When the candidates for the post
office are all in a list will be pub-
lished.
The growing demand for building
lumber in Marion shows a healthy
growth.
Mr. J. T. Wolf and wife of Kelsey
were in town yesterday.
Mr. A. D. Darnall of Millersburg
was in town Wednesday.

FARM FIELDING CARP

PNEUMATIC TIRES

Options as to the use of pneumatic tires on farm vehicles are being discussed in the New York City, N. Y. office of the Rubber Manufacturers Association.

Of six carriage and wagon manufacturing companies which reply to this question, the majority are in favor of pneumatic tires on farm vehicles. The reasons given in the replies are that pneumatic tires are more economical, more durable, and more comfortable than solid tires. They also give better traction on rough roads and are less likely to become punctured.

One firm writes: "We have serious doubts whether the pneumatic rubber tires can ever be successfully used on a buggy intended for general purposes, for the reason that the tires are too easily punctured and damaged. Unless the liability to puncture and some other features can be successfully overcome, we have serious doubts whether the pneumatic rubber tires will be the kind used for the majority of farm vehicles."

Another, while conceding pneumatic tires for suburbs, thinks that they are not yet ready for general use on farms. It suggests that a suitable tire for use on a heavy or muddy track, and that they cannot take the place of the present wheels, because, first, their life is shorter than that of solid tires, and second, they are much heavier, and third, they are much more expensive.

Still another company thinks pneumatic tires on farms are not a success on a heavy or muddy track, and that they cannot take the place of the present wheels, because, first, their life is shorter than that of solid tires, and second, they are much heavier, and third, they are much more expensive.

Apple Butter. A good article of apple butter can be made without the use of sugar, and can be easily obtained in the home. It is a very healthy food, and is especially good for the stomach and bowels.

When other cannot be obtained, sweetened apple butter may be used. It is a very healthy food, and is especially good for the stomach and bowels.

THE NEW YORK CITY OFFICE OF THE RUBBER MANUFACTURERS ASSOCIATION

Options as to the use of pneumatic tires on farm vehicles are being discussed in the New York City, N. Y. office of the Rubber Manufacturers Association.

Of six carriage and wagon manufacturing companies which reply to this question, the majority are in favor of pneumatic tires on farm vehicles. The reasons given in the replies are that pneumatic tires are more economical, more durable, and more comfortable than solid tires. They also give better traction on rough roads and are less likely to become punctured.

One firm writes: "We have serious doubts whether the pneumatic rubber tires can ever be successfully used on a buggy intended for general purposes, for the reason that the tires are too easily punctured and damaged. Unless the liability to puncture and some other features can be successfully overcome, we have serious doubts whether the pneumatic rubber tires will be the kind used for the majority of farm vehicles."

Another, while conceding pneumatic tires for suburbs, thinks that they are not yet ready for general use on farms. It suggests that a suitable tire for use on a heavy or muddy track, and that they cannot take the place of the present wheels, because, first, their life is shorter than that of solid tires, and second, they are much heavier, and third, they are much more expensive.

Still another company thinks pneumatic tires on farms are not a success on a heavy or muddy track, and that they cannot take the place of the present wheels, because, first, their life is shorter than that of solid tires, and second, they are much heavier, and third, they are much more expensive.
